

NeuNight™

Restore + Renew Serum

skin to mind™ by amare®

Bounce Back From A Stressful Day

Powered by HuG Cell™ (our proprietary Rhodiola + L-Theanine skin resilience plant cell technology) this rich cream longevity serum supports overnight visible renewal, reduces the look of wrinkles + supports firm, youthful-looking skin.

Why You Need It

Your skin experiences—and responds—to the things you deal with during the day. From long hours in front of a screen, to exhausting schedules, your skin can show the ups and downs you feel. When it's time to wind down, your skin's natural recovery process begins.

The Science

Think about how a hug can change the way you feel—it's calming, relaxing, and comforting. It's more than feeling. A hug activates biological signals that shift the body into a calming response. And sometimes when your skin is distressed, fatigued and off balance—especially at the end of the day—it needs a hug too. **Our HuG Cell™ technology is inspired by this science to help skin adapt, recover, thrive and become more resilient.**

Key Benefits

- Visibly enhances overnight restoration
- Reduces the look of lines + wrinkles
- Visibly improves uneven skin tone + texture
- Hydrates + visibly plumps skin
- Visibly soothes + calms irritation due to dryness
- Supports visible skin resilience + longevity

How It Works

Neurotech ingredients meet anti-aging skincare superpowers for results you can see on your skin and feel within.

- Skin to Mind™ products are formulated to work through the skin-mind connection, **to target visible stress signals and support bliss signals at the cutaneous level.**
- A biotech breakthrough, the HuG Cell™ combines Adaptogenic Rhodiola plant cells rich in exosomes, with L-Theanine—a balancing molecule—inside to help skin **visibly respond to daily age, environmental + emotional stressors.**
- A blend of peptides, Bakuchiol (a Retinol alternative that provides the anti-aging benefits of retinol without irritation), Cloudberry Seed Oil and a hydrating blend of Hyaluronic Acid, Polyglutamic Acid and Panthenol **support soft, smooth, firmer-looking skin.**
- Bliss NeuroScent Science promotes feelings of peace and calm in your nighttime ritual.

In a 4-Week Clinical Study*

*Based on expert grading evaluation on 36 panelists after use of NeuDay and NeuNight for 4 weeks.

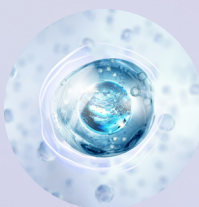

**Based on consumer testing on 36 panelists after use of NeuDay and NeuNight after application.

Key Ingredients

HuG Cell™ Technology

Our proprietary technology featuring a Rhodiola plant cell with L-Theanine inside to support **more resilient, younger-looking skin.**

SeaMist Ferment

A postbiotic ferment—and exclusive neurocosmetic ingredient—powered by marine-microbes collected from the sea breeze of the Fiji islands that allows for enhanced delivery and **helps reduce visible signs of stress-related aging.**

Polypeptide-2 shOligopeptide-1

Plant produced peptides support **firmer, smoother-looking skin.**

Bakuchiol

Retinol alternative provides the anti-aging **benefits of retinol without irritation.**

Features

- Skin microbiome friendly formula
- Non-comedogenic: won't clog pores
- Comforting, rich cream texture
- Helps signal “wind down” time + supports visible skin renewal overnight

Skin Type + Concerns

Ideal for most skin types, especially those concerned with:

- Fine lines + wrinkles
- Uneven texture or tone
- Dryness or sensitivity
- Skin impacted by stress, sleep deprivation, or aging
- Not formulated for those with ultra-sensitive skin, acne prone skin or those with eczema

How To Use

After using a gentle cleanser and our OptiMIST™ Awaken + Glow Facial Mist, Apply 2-4 pumps to clean skin nightly. Gently massage into face, neck and chest until completely absorbed to help you relax, unwind and get ready for renewal. Follow with moisturizer or facial oil as needed.
